Atorvastatin (Lipitor) is a HMG-CoA reductase inhibitor. It is used to treat hypercholesterolemia and to reduce the risk of cardiovascular disease. It is contraindicated in patients with active liver disease, pregnancy, and breastfeeding. It may cause muscle pain and weakness. It may interact with other medications, including alcohol, grapefruit juice, and certain antibiotics. It should be used with caution in patients with kidney disease. It is available in 10 mg and 20 mg filmcoated tablets. Each box contains 30 tablets. Storage: Store at room temperature (20°C to 25°C). Protect from light and moisture. Do not use if the seal is broken or if the tablets are discolored or broken. For more information, see the patient information leaflet. © 2000 Parke-Davis, a Division of Pharmacia Corporation. ## DO

- Put your property front and center
- If including people, use real residents

## DON'T

- Hide your property behind stock photos
- Use zombies or stock “people”

# Do:

- Use responsive design for your community website

# What is responsive design?

- It's a website designed to *respond* to the size of the device you're viewing it on

# Responsive accounts for:

Large Screens

Medium Screens

Small Screens

Desktops

Tablets

Phones

*Or any new devices in the future!*

Good responsive design in action:

Preiiss

# Benefits

- One single website for multiple devices
  - No need to maintain multiple sources of information
- Your site will work for different sized devices in the future

# Pitfalls

- Don't hide content on the mobile version
- Design mobile first to avoid a large scrollable stack of desktop content

# Mobile Sites

## DO

- Use responsive design
- Include all content
- Make all online workflows responsive from website to renewal

## DON'T

- Use apps or mobile sites
- Hide content on the mobile version

# Language

# Reading on the Web

- Users scan—they don't read anything
- Only about 20% of content is read online

# The 3 C's of Language

- Clear
- Concise
- Consistent

# Clear

- Be **clear** with your website copy and phrasing

# Concise

- Keep your website's copy **concise**: short, sweet and to the point
- Use scannable text to help users locate what they want

# Use Scannable Text

- Scannable means:
  - Has **clear headings**, sections and labels
  - Uses **large** type
  - **Emphasizes** key ideas
  - Makes use of **bulleted lists** (when appropriate)
